STUDENT MUTUAL SUPPORT

Tohoku University has a student circle (AROW) dedicated to speaking and educating about sexual diversity and minorities. They want to offer a safe space for everyone.

Please understand that this is a student-led group, and though some speak English, it is better to come with a knowledge of Japanese and readiness to adapt to some cultural differences.

QUEER IN SENDAI

While there are not many foreigner-friendly queer events in Sendai yet, you can join the Miyagi Nijiro Parade in November! Further, the city has a gender equality promotion center.
